

Dream Workshop

facilitated by Diana Francis Metzler, RSM

September 9, 2017

9:00 to 3:00pm

\$35 (lunch included)

Scientific and spiritual evidence is overwhelming—all human beings dream and those dreams are the invitations and message from the Divine. In dreaming and reflecting on our dreams, as all sacred narratives of the world's religious traditions affirm, we open ourselves to the invitation of the Divine to work towards a greater wholeness and increased health in all aspects of our lives. God wants us to be who He created us to be—spiritually, physically, emotionally, socially, and intellectually. Dreams help us to be that authentic and full self God meant us to be.
