

PATHWAYS 2023-2024

Rhythm of Being Spiritual in the 21st Century

Raimon Panikkar’s Rhythm of Being is a holistic explanation to the dynamic unity of the Kosmos, the Theos (God) & the Anthropos (the Human). It will be one of the main texts for this year. Another classical text to be interpreted will be the Diamond Sutra of Buddhism. The participants of Pathways will also explore the spirituality of the Enneagram with Sandra Maitri. We will also continue to walk the way of Carmel with Sister Constance Fitzgerald, OCD

facilitated by **Charles “Red” Cheever**

Red Cheever retired from being an active Deacon in the Diocese of Sacramento in order to live a more contemplative life. He is still involved spiritual direction and retreat work. He holds a Master Degree from Graduate Theological Union & the Franciscan School of Theology. His educational work in Theology and Philosophy started in 1977, when he joined the faculty at Loretto High School, where he taught for 32 years.

As always, Pathways looks to and uses the Holy Bible and the Judea-Christian traditions to ground our work.
